

qmpfw: Quick Mesh Project legacy firmware generator (deprecated) - Suport #416

ramips targets do not seem to have the qmp-{tiny,small,big}-node package, only qmp-system in qMp 4.0-rc1

07/03/2017 06:52 PM - Roger Pueyo Centelles

History

#1 - 07/05/2017 02:27 PM - Roger Pueyo Centelles

- % Done changed from 0 to 50

A second compilation with the same source code did add the qmp-{tiny,small,big}-node packages to the mt7620 subarchitecture. More testing is needed though.

#2 - 10/25/2017 06:01 PM - Roger Pueyo Centelles

- Status changed from Nou to Tancat

- % Done changed from 50 to 100

Most likely a compilation error.
