

quick mesh project - Característica #231

HandBook for quick and community deployments

04/29/2013 01:22 PM - Pau Escrich

Status:	Nou	Start date:	04/29/2013
Priority:	Urgent	Due date:	
Assignee:		% Done:	0%
Category:	Documentation	Estimated time:	20.00 hours
Target version:	5.0	Spent time:	0.00 hour
Description			
<p>Many users does not understand the idea of the qMp deployments. Since they are comming from other kind of network environments the mesh networks are hard to understand.</p> <p>There exist some documentation in the wiki, but would be very useful to have a little handbook (5-10 pags) which explains the kinf of deployments you can do with qMp and how to achieve them.</p> <p>I think graphs like this one would be the best to explain the end-user how to use the firmware: https://qmp.cat/projects/qmp/wiki/Starting</p>
