Description			
Implement mobile devices detection to present them a mobile-device friendly splash.			

History

#1 - 01/03/2012 08:46 PM - Agustí Moll Garcia

- Status changed from Nou to Comentarís

It would be a good thing, but there are many types of mobile devices...

Old mobile devices are very limited (examples old nokias, windows CE or similar).

Newest (like android or iOs) are more interesting make a fiendly splash.

In protocol http exist key "user-agent" we can use in proxy to determine file-splash to send.
